

Dear Consortium Member:

We would like to thank you for your continued participation in the Consortium. Your active involvement enables the Consortium to provide low-cost, quality training to CDEP providers in the greater Portland/Vancouver area. All trainings are NAADAC approved and are designed to meet the State of Washington Department of Health (DOH) continuing education requirements.

As professionals in the field of chemical dependency, we recognize the need to stay abreast of innovative treatment philosophies and approaches, as well as reinforcement of tried and true practices upon which effective treatment is based. It is our hope that the Consortium will provide just that, and in an exciting and enlightening way. But, we need your help and encourage your comments and suggestions.

Enclosed please find a renewal of your membership agreement and your training packet. Your continued membership is important to all of us in the Consortium. We hope it is valuable to you as well.

Submission of your completed training packet prior to deadline is **IMPERATIVE** to ensure state approval **PRIOR** to your agency's scheduled presentation. If you should encounter difficulties, please contact our Program Administrator, Kandis Hudson at (360) 901-9341, or myself, with any questions or concerns **ASAP**.

Thanks again for your continued involvement and support in one of the most viable educational resources to our community.

Sincerely,

*Kandis Hudson*

Program Director/Training Coordinator
